

2023 Regional Minnesota Science Fair Information

To be eligible to participate in the Minnesota State Science and Engineering Fair, students must first participate in an affiliated Regional Science Fairs in Minnesota and be selected to advance. Home-schooled students are welcome to participate and should contact the Regional Science Fair closest to their home. Find the county that your school is located in using the map on the below to locate your region.

[Northeast Region, Duluth](#) (Regional Director Cynthia Welsh)
