

MINNESOTA ACADEMY OF SCIENCE  
FORSE STEM Mentoring & Enrichment

## VOLUNTEER

Share your passion for STEM!

**Fostering Opportunities & Relationships in STEM Education (FORSE)** provides mentoring and enrichment to students from populations traditionally underrepresented in STEM fields. This program pairs STEM professionals and graduates with students for mentoring and brings specialized enrichment units to partner schools and programs.

## The Minnesota Academy of Science Seeks:

### STEM Content

- **A virtual tour** of your workplace, laboratory, research trip, etc.
- **A video lesson** that walks students through a STEM lesson, practice, or activity
- **Other STEM activities** worksheets, paper activity sheets/booklets, experiment descriptions, etc.

Information and submission instructions can be found [HERE](#)

### STEM Professionals

- **Mentor or Tutor students** in grades 5-12. Register your interest [HERE](#)
- **STEM in 10 Videos** Tell the story of your career path by answering 10 questions. Women and BIPOC in STEM needed to encourage students to pursue STEM and expose them to knowledge about STEM career opportunities. Information and instructions can be Found [HERE](#)
