

Come Inspire

the next generation of scientists and engineers
VOLUNTEER WITH THE MINNESOTA ACADEMY OF SCIENCE

Join your peers at the following programs and be part of the MN STEM community

FORSE mentoring & enrichment

- Promote diversity, increase representation, and provide exposure to STEM
- Witness the joy of scientific discovery and engineering design

Science Bowl

- Facilitate the development of leadership, teamwork and problem-solving skills at a fun and challenging competition
- Be amazed at the breadth of scientific knowledge in Minnesota youth

Science Fair

- Network with peers and provide crucial feedback on research
- Invest in Minnesota's future problem solvers

Winchell Research Symposium

- Learn about cutting-edge science research from undergraduate students
- Share your career path with upcoming STEM professionals

2023 VOLUNTEER IMPACT

420 volunteers from
150 organizations gave
5,000 hours of service
